REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: None of the references of record teach or suggest a coating of magnetic substance covalently bonded to a core particle. As required by the claim language of "covalent bonding" means that the surfaces of the core particle and of the coating substance are functionalized such as covalent bonding adheres the core to the magnetic coating.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. References are cited as art of interest
